## Objective

---

A Passionate software testing engineer with hands-on experience in manual, API, and automation testing. Worked on several projects using tools like Google Sheets and Trello, Postman for API testing, and Selenium WebDriver with Java for automation. Earned the **ISTQB CTFL (V4)** certification. Ready to join a dynamic team as a software tester or intern to grow skills and contribute to delivering high-quality software solutions.

## Education

---

Bachelor of Computer Science and Engineering, Faculty of Electronic Engineering, Menoufia University. 2020-2025

## Work Experience and Internships

---

### Software Testing Trainee

Digital Egypt Pioneers Initiative (DEPI)

Oct 2024 – Present

- Learned Java programming language
- Mastered fundamentals of testing and ISTQB FL concepts
- Practiced manual, API, and automation testing
- Enhanced soft skills and English proficiency

### Software Testing Trainee

ITI Summer Training

Jul 2024 – Aug 2024

- Developed foundational software testing skills

## Technical Skills

---

- |                          |                              |                     |
|--------------------------|------------------------------|---------------------|
| • Automation Testing     | • Regression testing         | • Agile methodology |
| • Black Box Testing      | • API Testing                | • SDLC              |
| • Confirmation testing   | • Create & Execute Testcases | • Write bugs report |
| • Problem solving skills | • STLC                       |                     |

## Tools and Frameworks

---

- |                      |                    |              |
|----------------------|--------------------|--------------|
| • Selenium WebDriver | • Trello           | • Java & OOP |
| • TestNG Framework   | • Microsoft Office | • Postman    |

## Projects

---

### **Magento E-Commerce Website**

Sep 2024 – Sep 2024

Created test cases to cover several modules like Sign In, Login, products cart and checkout pages by using tools like:

- Automation Testing using Selenium WebDriver with Java
- TestNG framework
- POM Design Pattern
- Allure Report for generating automation reports

### **Demo Banking System**

Sep 2024 – Sep 2024

- Performed manual testing
- Identified bugs and designed reports
- Automated testing using Selenium with Java, POM design pattern, TestNG, and Allure report

### **Nopcommerce Website**

Aug 2024 – Aug 2024

Performed Automation Testing with Selenium WebDriver and TestNG

### **Demo Todo application**

May 2024 – May 2024

Performed manual testing to cover sign In, login and Todo pages

## Courses & Certifications

---

- |  |                     |
|--|---------------------|
| • ISTQB Certified Tester Foundation Level v4 (241021303)             | Oct 2024 – present  |
| • Automation Testing from foundation to framework (Udemy)            | Jul 2024 – Oct 2024 |
| • API Testing using Postman  | May 2024 – Jun 2024 |
| • SQL  | Apr 2024 – Apr 2024 |
| • Manual Testing   | Feb 2024 – Apr 2024 |
| • Effective Test Case and Bug Report Writing Techniques( MaharaTech) | Jan 2024 – Jan 2024 |
| • Introduction to Software Testing (MaharaTech-ITIMoooca)            | Jan 2024 – Jan 2024 |
