

Mohamed Hussein El Araby – Junior Software Testing Engineer

mohamed.hussein.alaraby@gmail.com Mobile: +20118709398 [GitHub](#)
<https://www.linkedin.com/in/mohamed-hussien311> Location: Cairo, Egypt

Objective

A passionate software testing engineer with hands-on experience in manual, API, and automation testing. Worked on several projects using tools like Google Sheets and Trello, Postman for API testing, and Selenium WebDriver with Java for automation. Earned the **ISTQB CTFL (V4) certification**. Ready to join a dynamic team as a junior software testing engineer to grow skills and contribute to delivering high-quality software solutions.

Education

Bachelor of Computer Science and Engineering, Faculty of Electronic Engineering, Menoufia University
Sep 2020 – Jul 2025

Work Experience and Internships

Software Testing Trainee – Digital Egypt Pioneers Initiative (DEPI) Oct 2024 – May 2025

- Led the graduation project team
- Learned Java programming language
- Mastered fundamentals of testing and ISTQB FL concepts
- Practiced manual, API, and automation testing
- Enhanced soft skills and English proficiency

Software Testing Trainee – ITI Summer Training Jul 2024 – Aug 2024

- Developed foundational software testing skills

Projects

Official Portal for Menoufia University (Graduation Project) Nov 2024 – Jul 2025

- Worked as a Software Tester on the official portal for Menoufia University, a real-world project developed by a multidisciplinary team of 20+ members.
- Applied the Agile methodology to support iterative development and continuous feedback.
- Demonstrated attention to detail in identifying and documenting bugs.
- Conducted manual and API testing, identifying and reporting **200+ bugs** to enhance functionality and user experience.
- Collaborated effectively with developers to verify fixes and ensure high-quality releases.

Automation Exercise Website (DEPI Graduation Project) Apr 2025 – May 2025

- Led a team of 4 testers to deliver a complete software testing project using manual, API, and automation testing under the DEPI initiative.
- Executed +100 test cases and identified +20 bugs.

Magento E-Commerce Website Sep 2024

- Created test cases and automated testing using Selenium, TestNG, POM, and Allure.

Demo Banking System Sep 2024

- Performed manual and automation testing with Selenium WebDriver.
- Generated Bugs Report.

NopCommerce Website	Aug 2024
• Automation testing using Selenium WebDriver and TestNG.	
Demo Todo Application	May 2024
• Manual testing for authentication and task modules.	

Technical Skills

Automation Testing	Regression Testing	Confirmation Testing
Manual Testing	Functional Testing	Smoke & Sanity Testing
API Testing	Exploratory Testing	Agile Methodology
SDLC & STLC	Test Case Design	Test Case Execution
Bug Tracking	Problem Solving Skills	Critical Thinking Skills

Tools & Frameworks

Selenium WebDriver	Java & OOP	TestNG
Postman	Trello	Jira
Microsoft Office	Cucumber	Familiar with Docker

Courses & Certifications

• ISTQB Certified Tester Foundation Level v4 (241021303)	Oct 2024
• Automation Testing from Foundation to Framework (Udemy & TAU)	Jul 2024 – Oct 2024
• API Testing using Postman	May 2024 – Jun 2024
• SQL	Apr 2024
• Manual Testing	Feb 2024 – Apr 2024
• Effective Test Case and Bug Report Writing Techniques (MaharaTech)	Jan 2024
• Introduction to Software Testing (MaharaTech-ITIMoooca)	Jan 2024

Language

• Arabic	• English
